CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED: SP453011Q1000-0002	PAGE 2 OF 2 PAGES
--------------------	--	-------------------

Contractor question (number 3) and the government response are provided below:

Q3: Is the loader and off-loading equipment located on the site? Or do we have to provide them?

A3: Please refer to the PERFORMANCE WORK STATEMENT (PWS), section B.2, paragraph 2: "On the appointment day, receiving personnel at DLA Disposition Services will verify the number and types of tires and instruct the agency to deliver the tires immediately to the contractor's specified delivery site on the island of Oahu, Hawaii."

Also refer to section B.2, paragraph 6: "The contractor shall provide all properly trained labor, equipment, tools, personal protective equipment, material, licenses, fees, permits, certifications, supervision, manifests, and all other items and services necessary to perform the recycling/disposal of used tires/scrap tires made available by the Government."

Therefore, the government will deliver the items to be disposed to the contractor's specified delivery site in a government vehicle. The awarded contractor will furnish their own equipment to offload the items from the government vehicle and dispose in accordance with their disposal plan.

NOTE: The proposal submission due date and time is not extended.
